BOYHOOD FUN FACTS

BOYHOOD is a Danish design studio founded by Jakob Burgsø, who transforms the nostalgia of childhood into modern, handcrafted wooden objects. Drawing on memories from his father's workshop and the clarity of Scandinavian design, BOYHOOD creates playful yet refined pieces that celebrate the small moments that shape us — from paper airplanes to balloon dogs and beloved cultural icons. Each design is made with natural materials, thoughtful craftsmanship, and a quiet sense of joy, inviting people of all ages to reconnect with the stories that stay with us.

THE FUN IS IN THE DETAILS

- Crafted from solid FSC-certified oak, selected for its durability, grain character, and long-term stability.
- **Finished with eco-friendly oils that enhance the wood's natural warmth while protecting the surface.**
- Hand-finished in Denmark.
- **Components are individually shaped, sanded, and assembled to ensure smooth edges and a refined feel.**
- Many figurines feature movable or interactive elements engineered for longevity without compromising aesthetics.
- **Treated with non-toxic, child-safe finishes.**
- Wood is left unlacquered to preserve its natural texture and allow it to age gracefully.
- **All edges are rounded and smoothed.**
- Offers a 2-year manufacturer's warranty covering defects in materials and craftsmanship.
- **Packaging is designed to feel gift-ready.**
- Because each piece is hand-sanded and finished, no two figures are exactly alike—subtle variations in grain and tone make each one unique.
